November at a Glance

November is the perfect time to tackle small maintenance jobs before the holiday rush and prepare your equipment for the colder months ahead. In this edition, we're sharing simple ways to keep your home running smoothly, protect your marine equipment, and learn more about how the NEXUS GREEN formulas are lifesavers in the winter.

MULTI-USE – SMALL FIXES BEFORE THE HOLIDAYS

Get your home holiday-ready by tackling squeaky door hinges, noisy cabinet doors, and other small maintenance tasks.

MARINE – END-OF-SEASON BOAT CARE

Before winter storage, inspect your boat's hardware and protect moving parts against moisture, rust, and corrosion.

NEXUS GREEN CLP – A CLOSER LOOK

Discover how NEXUS GREEN CLP combines three essential function—cleaning, lubrication, and protection—to keep firearm components working.

Multi-Use Lubricant

Small Fixes Before the Holidays

With the holidays fast approaching, now is the perfect time to tackle those small home maintenance tasks before family and friends arrive. NEXUS GREEN Multi-Use makes it easy to quiet squeaky hinges on doors and cabinets, helping keep your home running smoothly throughout the season.

Made with a non-toxic, biodegradable formula, NEXUS GREEN Multi-Use is USDA BioPreferred and virtually odorless, making it a practical alternative to traditional lubricants with strong odors and harsher chemical formulations. It delivers dependable performance without the unpleasant smell often associated with conventional products.

HOW TO QUIET A SQUEAKY HINGE

1. Apply NEXUS GREEN Multi-Use directly to the hinge or moving component.
2. Allow the product a few moments to work, then move the door back and forth to distribute the lubricant.
3. Wipe away any excess product. If needed, clean up with soap and water.

It's a simple solution for one less household annoyance before the holidays. From squeaky cabinets to everyday maintenance tasks, NEXUS GREEN Multi-Use helps keep things moving smoothly so you can focus on what matters most this season.

Marine Lubricant

End-of-Season Boat Care

As boating season winds down and colder weather approaches, now is the time to give your marine equipment some extra attention before winter storage. NEXUS GREEN Marine helps protect and lubricate essential boat hardware, from winches and pulleys to fasteners, chains, and other moving components.

Designed for marine environments, NEXUS GREEN Marine helps displace moisture, loosen stuck parts, and protect against rust and corrosion caused by exposure to water and salt. Its biodegradable, non-toxic, and non-flammable formula provides dependable lubrication without compromising environmental responsibility.

PREPARE YOUR EQUIPMENT FOR THE OFF-SEASON

1. **Inspect your hardware.** Check exposed metal components, fasteners, and moving parts for signs of rust, corrosion, or stiffness.
2. **Clean and lubricate.** Apply NEXUS GREEN Marine to appropriate components according to the product instructions to help keep them moving smoothly.
3. **Protect before storage.** Address maintenance needs before storing your boat and equipment for the winter, following the manufacturer's storage recommendations.

A little maintenance now can help keep your equipment in better condition for the next boating season. Whether you're preparing your boat for winter or maintaining gear between trips, NEXUS GREEN Marine offers a dependable solution for end-of-season care.

Protect your investment before winter arrives with NEXUS GREEN Marine!

"I spray my outboard boat engine before storing for the winter and it starts like new every spring."

Bruce, Seasoned Boat Owner

NEXUS GREEN CLP

A Closer Look at NEXUS GREEN CLP

Proper firearm maintenance is essential for keeping your equipment clean, lubricated, and protected. NEXUS GREEN CLP combines three functions in one formula: cleaning residue and grime, lubricating moving components, and protecting against rust and corrosion.

Made in the USA, NEXUS GREEN CLP is non-toxic, biodegradable, non-flammable, and virtually odorless. Its formula offers an alternative to traditional firearm maintenance products that often have strong odors, providing dependable performance without the unpleasant smell.

THREE FUNCTIONS. ONE FORMULA.

- **Clean:** Helps remove powder residue, grit, and grime from firearm surfaces.
- **Lubricate:** Helps keep appropriate moving components operating smoothly.
- **Protect:** Leaves a protective barrier that helps guard against rust and corrosion.

Whether you're performing routine maintenance after a day at the range or preparing your equipment for storage, NEXUS GREEN CLP provides a versatile solution for firearm care. Always follow your firearm manufacturer's maintenance instructions and the product label for proper application.

Keep your equipment clean, lubricated, and protected with NEXUS GREEN CLP!

NEXUS GREEN IN ACTION

Unique Use: Lubricating Backhoe Doors

Each month, NEXUS GREEN highlights a unique way to use our products. This month, we're putting NEXUS GREEN Multi-Use to work on the doors of a backhoe! Lubricating hinges and other moving parts is one of the many uses for NEXUS GREEN. This demonstration highlights the versatility of our formula and its potential for use on heavy equipment and machinery.

Heavy equipment is exposed to demanding working conditions, and its moving components require regular maintenance to keep them operating smoothly. Doors, hinges, and other moving parts can experience friction and wear with repeated use and exposure to the elements. Proper lubrication helps reduce friction, maintain smooth movement, and protect metal components against corrosion.

NEXUS GREEN Multi-Use is designed to handle a wide range of maintenance needs. Its versatile formula helps lubricate moving parts, loosen rusted or seized components, displace moisture, and provide corrosion protection. Whether you're maintaining equipment on a jobsite, working in the garage, or tackling small repairs around the house, NEXUS GREEN offers a practical solution for a variety of applications.

Beyond its performance, NEXUS GREEN Multi-Use offers a different approach to everyday maintenance. Made in the USA, the formula is non-toxic, biodegradable, non-flammable, and virtually odorless. It can be used on a variety of materials, including metal, wood, plastic, rubber, and composites, making it a versatile addition to maintenance routines across different environments.
