

**NSF H1 (Registration #157052)**

Lubricant for military, commercial, industrial, and residential applications

COMPANY OVERVIEW

Nexus Green Lubricating & Penetrating Solutions outperform and outlast competitor products, while being environmentally safe.

- **Proprietary Blend:** USDA approved, patented, bio-based formula
- **Not Poisonous:** No harsh chemicals, silicone, or volatile organic compounds (VOCs)
- **Made in the U.S.A.:** Manufactured from naturally grown U.S. ingredients

CORE COMPETENCIES

- **Effective:** Long-lasting formula works effectively from minus 10°F to extreme heat.
- **Safe:** Products are non-toxic, non-carcinogenic, Prop-65 compliant, and 70% sustainable.
- **Patented:** Our products are engineered to be the ideal lubricant for any application.

PRODUCT OVERVIEW

Nexus Green products are ideal for use in:

- CLP applications
- Heavy duty and outdoor applications
- Marine applications
- Commercial, industrial, office, and healthcare applications
- Head start programs

DIFFERENTIATORS

Nexus Green products:

- Don't contain poisonous or harmful ingredients like the competition.
- Maintain consistent viscosity and low drag.
- Will not harm or destroy plastic, rubber, wood, metal, or composites.
- Are odorless and non-flammable.
- Are safe for use around people, pets, and marine life.
- Clean up easily with soap and water.
- Never expire.
